

## Select Handle

### Operation & Maintenance Instructions

#### Diagram

#### Operation & Maintenance Instructions

##### Operation:

1. Ensure handle is unlocked (if key locking version). Hold handle, depress and hold button whilst turning handle to open window.
2. To lock the handle, insert key into the lock and rotate counter-clockwise 180° and remove key.

\* DO NOT leave key in or near handle when not in use for security and safety reasons \*

##### Maintenance:

1. (With handle in open position) Wipe clean with a damp cloth. DO NOT lubricate.
