

For use with Titon HRV Q Plus B Model Range

aura-t™ is a simple yet striking touchscreen controller for programming, commissioning and occupancy control for Titon's range of Mechanical Ventilation Heat Recovery (MVHR) units.

The aura-t™ touch screen controller allows straightforward operation of ventilation speeds. Offering a display that is backlit.

aura-t™ provides the following functions:

- Digital 4 speed switch
- Auto timed speed mode (TP536/EU only)
- 7-day, 4 events per day programmable Speed 1 timer (TP536/EU only)
- Filter change indicator
- Internal MVHR humidity set point adjustment
- Boost inhibit functions linked to timed Speed 1 (avoiding night time boosting via either switch inputs or humidity)

aura-t™ is an icon based rather than language specific controller.
