

SF Xtra Vent

Surface mounted ventilator

SF Xtra Ventilator

Suitable for:

- VINYL
- ALUMINUM
- WOOD
- FIBERGLASS

The SF Xtra is a high performance, surface mounted aluminum slot ventilator. It is the shortest vent available to give maximum airflow. This product is equally suitable for residential and non-residential applications.

There are two width variants, one for use over a 1/2" slot, the other for a 5/8" slot. The SF Xtra is available in made-to-measure sizes or bar length for self-assembly.

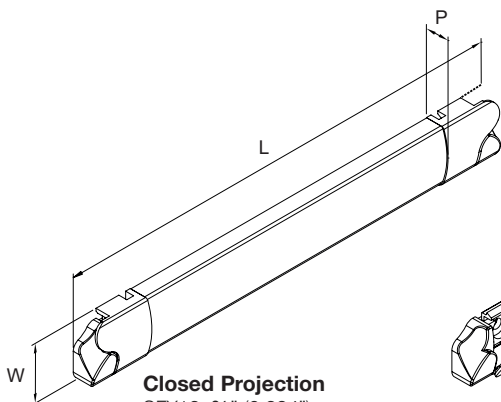

All versions can be used with either a vinyl or aluminum canopy externally for weather protection.

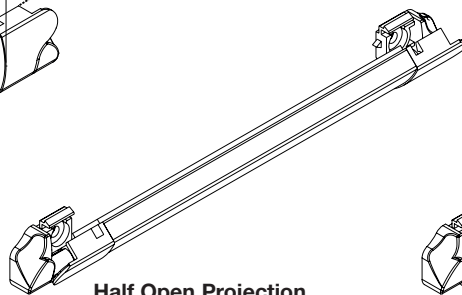

SF Canopy

Features and Benefits

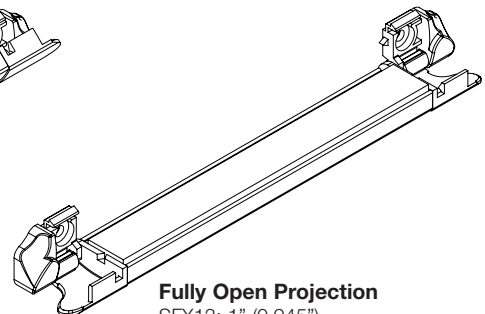

- Shortest vent available to give maximum airflow
- Simple construction to aid painting, self-assembly & fitting
- High performance gasket combined with compression closing action improves sealing in adverse conditions
- For use over a 1/2" or 5/8" slot
- Ideal for retrofit applications, over a slot or series of holes*
- Ideal for use in residential and Non-residential installations
- Available in bar length for cutting to size by customer (details on request)
- Bar length product available in mill finish for customer painting
- Special paint finishes available
- When specified correctly complies with Building Code fresh air requirement
- Can be mounted to deflect air upwards or downwards
- SFX Sound Attenuating (acoustic) version available* This may not achieve the airflow rates shown

Closed Projection
SFX13: 3/8" (0.394")
SFX16: 3/8" (0.394")

Half Open Projection
SFX13: 27/32" (0.807")
SFX16: 29/32" (0.905")

Fully Open Projection
SFX13: 1" (0.945")
SFX16: 1 1/8" (1.083")

The above Canopies are for Horizontal application, for Vertical applications please see Vertical Canopy page for more information

Recommended screws

(No.6) Pan or Round Head or equivalent.

(Further test information available on request)

Acoustic STC – information available on request.

Performance

Air Leakage (SFX13-420 ½” vent) – 0.065cfm@1.04psf (0.11m³/hr@50Pa)

Water Resistance – in excess of 15.7psf (750Pa)

Maximum length for optimum performance – 24½” long (when made from bar length)

** For optimum performance the ventilator should be installed on a flat surface free from defects **

Finishes

Aluminum – White, Silver, Bronze, Almond, Tan & Black

End Caps – White & Black

(Other colors are available – contact us for details)
